. 01

Placez les échelles UNIT (A) sur une surface plane et protégée.
Place the frames UNIT (A) on a soft and flat surface.

. 02

A l'aide de la clé allen (G) vissez et serrez les bandeaux de renforcement (B) avec les vis (E).

Using the allen key (G) screw on and tighten the reinforcement bands (B) with the screws (E).

. 03

Soulevez la structure et placez les étagères (C) en les clipsant sur les pions.
Raise the structure and place the shelves (C) by clipping them onto the pins.

. 04

Avant de placer la dernière étagère, vérifiez à l'aide d'un niveau à bulle que UNIT est à l'horizontale par rapport au sol et ajustez les vérins.

Before placing the last shelf, use a spirit level to check if UNIT is horizontal with the floor and set the adjustable feet.

. 05

Serrez légèrement l'accroche murale ① avec les vis ②.

Loosely tighten the safety wall bracket ① with the screws ②.

. 06

Placez la dernière étagère ③ en les clipsant sur les pions.

Place the last shelf ③ by clipping them onto the pins.

. 07

Placez UNIT le plus près possible du mur.
Place UNIT as close as possible to the wall.

. 08

Marquez la position avec un stylo.
Mark the position with a pencil.

. 09

Déplacez légèrement UNIT et percez les trous dans le mur.
Slightly move UNIT and drill the holes in the wall.

. 10

Fixez l'accroche ① à l'aide de chevilles et vis adaptées au mur.
Fasten the bracket ① using wall plugs and screws suitable for the wall.

. 11

Serrez fermement l'accroche murale (D) avec les vis (F).
Tighten the safety wall bracket (D) with the screws (F).

UNIT SUR PLUSIEURS COLONNES

UNIT ON SEVERAL COLUMNS

Reprenez le même principe d'assemblage pour un UNIT sur 2 ou 3 colonnes.
Veuillez vous référer à l'étape 01 page 10.

Repeat the same assembly principle for a UNIT with 2 or 3 columns.
Please refer to step 01 on page 10.

 Last level cabinet
 p.34 - étape/step 01

Placez l'étagère (B) en la clipsant et l'alignant sur les trous des goujons et des pions.

Place the shelf (B) by clipping it in place and aligning it with the dowels holes and pins.

. 08

Assemblez les panneaux en vissant les excentriques (K).
 Assemble the panels together by screwing the eccentrics (K).

. 09

Vissez les supports de charnière (H) aux panneaux latéraux (F).
Screw the hinge supports (H) to the side panels (F).

. 11

Insérez et clipsez les charnières au support.
Insert and clip the hinges to the support.

. 10

Fixer les charnières (H) aux portes (D) à l'aide des vis (L).
Fixer les poignées (E) aux portes (D) à l'aide des vis (I).
Fasten the hinges (H) to the cabinet doors (D) with the screws (L).
Fasten the handles (E) to the cabinet doors (D) with the screws (I).

. 12

Fixez les butées de porte (M) à l'aide des vis (L).
Fasten the door stops (M) with the screws (L).

. 13

Ajustez la position des portes à l'aide d'un tournevis.
Adjust the position of the doors using a screwdriver.

. 14

Ajustez la position des portes à l'aide d'un tournevis.
Adjust the position of the doors using a screwdriver.

. 15

Ajustez la position des portes à l'aide d'un tournevis.
Adjust the position of the doors using a screwdriver.

. 01

OPTION 1
Blocs superposés
Stacked cabinets

Pour les configurations avec plusieurs blocs superposés, vissez les goujons J sur les 2 côtés de l'étagère C.

For configurations with several stacked cabinets, screw the dowels J onto the 2 sides of the shelf C.

. 02

Placez l'étagère C en la clipsant et l'alignant sur les trous des goujons et des pions.

Place the shelf C by clipping it in place and aligning it with the dowels holes and pins.

Reprendre l'assemblage à l'étape
04 page 25 pour le bloc porte

Reprendre l'assemblage à l'étape
04 page 41 pour le bloc tiroir

Si votre configuration comporte un bloc au dernier niveau, serrez légèrement l'accroche murale avec les vis **I** de l'étagère **B**.

If your configuration has a cabinet on the top level, loosely tighten the safety bracket with the screws **I** in the shelf **B**.

Placez l'étagère **B** en les clipsant sur les pions.

Place the shelf **B** by clipping it onto the pins.

Assemblez les panneaux en vissant les excentriques **K**.

Assemble the panels together by screwing the eccentrics **K**.

Placez UNIT le plus près possible du mur.

Place UNIT as close as possible to the wall.

. 05

Marquez la position avec un stylo.

Mark the position with a pencil.

. 06

Déplacez légèrement UNIT et percez les trous dans le mur.

Slightly move UNIT and drill the holes in the wall.

. 07

Fixez l'accroche à l'aide de chevilles et vis adaptées au mur.

Fasten the bracket using wall plugs and screws suitable for the wall.

. 08

Serrez les vis ① à l'aide d'un tournevis.

Tighten the screws ① with a screwdriver.

04.

BLOC TIROIR CABINET DRAWER

. 01

Veuillez identifier les 2 types d'étagères (B) et (C).
Please identify the 2 types of shelves (B) and (C).

. 02

Serrez les goujons (N) comme indiqué sur le dessin ci-dessous.
Tighten the dowels (N) as shown in the drawing above.

. 03

Placez l'étagère du bloc tiroir (C) en la clipsant sur les pions.
Place the cabinet shelf (C) by clipping it onto the pins.

. 04

Insérez les panneaux latéraux (F).
Insert the side panels (F).

. 05

Assemblez les panneaux latéraux en vissant les excentriques (M).
 Assemble the panels by screwing the eccentrics (M).

. 06

Insérez le panneau arrière (D).
 Insert the back panel (D).

. 07

Option 1
 Blocs superposés
 Stacked cabinets
 p.32 - étape/step 01

Option 2
 Bloc dernier niveau
 Last level cabinet
 p.34 - étape/step 01

Placez l'étagère (B) en la clipsant et l'alignant sur les trous des
 goujons et des pions.

Place the shelf (B) by clipping it in place and aligning it with the
 dowels holes and pins.

. 08

Assemblez les panneaux en vissant les excentriques (M).
 Assemble the panels together by screwing the eccentrics (M).

. 09

Fixez les rails des tiroirs (K) aux panneaux latéraux à l'aide de vis (O).
 Fasten the drawer rails (K) to the side panels using screws (O).

. 10

Serrez les goujons (N) dans le panneau avant (H) et le panneau arrière (G).
 Tighten the dowels (N) in the drawer front panel (H) and the drawer back panel (G).

. 11

Insérez les panneaux latéraux des tiroirs (J).
 Insert the drawers side panels (J).

. 12

Assemblez les panneaux latéraux en vissant les excentriques (M).
 Assemble the side panels together by screwing the eccentrics (M).

. 13

Faites glisser le fond du tiroir (I).
Slide the bottom of the drawer (I).

. 15

Fixez les rails des tiroirs (K) aux panneaux latéraux (J) à l'aide de vis (L).
Fasten the drawer rails (K) to the side panels (J) using screws (L).

. 14

Placez le panneau arrière (G) et sécurisez l'ensemble avec les excentriques (M).
Place the back panel (G) and secure the assembly with the eccentrics (M).

. 16

Fixez les poignées (E) aux panneaux avant (H) à l'aide de vis (L).
Fasten the handles (E) to the front panels (H) using screws (L).

. 17

Insérez les tiroirs.

Insert the drawers.
